CRAFTS OVER 10 FOOT NEED INVASIVE SPECIES PERMIT;

Terms of Agreement

I (the client of Owyhee Adventure Shuttle LLC) accept the terms of Agreement and Acknowledgement of Risk and Waiver of Liability as stated below by accepting and signing the form_____

I have a full tank of gas or near full and /or have left instructions and money to get fuel in Jordan Valley.

I have checked my fluids (oil, transmission, water) and my vehicle is in good driving conditions for the roads that will be traveled to the take out. _____

I have started my vehicle and driven it with the spare key to make sure it works. Always carry a spare key with you._____

I will remove all open containers of alcohol or other illegal items so that the driver of my vehicle will not be charged in case the vehicle is inspected. _____

In case my vehicle becomes inoperable, unsafe, or unlawful for any reason, We Owyhee Adventure Shuttle LLC will let you know where your vehicle is. No refunds will be allowed if the vehicle or trailer is unsafe. They will be left at the launch area._____

I understand that the roads driven may be rough and poorly maintained and I will not hold Owyhee Adventure Shuttle LLC responsible for the damage done to the vehicle while en route or parked. Permission is hereby granted to drive the vehicle above and it is covered by public liability and property damage insurance that will cover the vehicle and the shuttle driver. If it does not, I understand that I am liable for charges resulting from any deficiency in coverage._____

WE will not shuttle vehicles that do not have a real tire for a spare, please make sure that the spare is easily accessible. If the vehicle is left with bald tires at the launch Owyhee Adventure Shuttle LLC has the right to leave it there and charge the fee anyways.

If you do not specify where to leave the key, we will assume you have a spare set or a hidden key somewhere on the vehicle. We will leave the key in the vehicle (locked). So please specify on the form where you want us to hide the key or we will default to locking inside. Again please have a spare set with you, as we have critters in take out areas that are attracted to keys hanging under vehicles and have taken them in the past. If you tell us to find your keys somewhere and we do not find them where you indicated on the form. there is a chance that we cannot deliver your vehicle. We will make some kind of arrangements so you will have a solution, but this too will incur a fee. Please take these details seriously. We will not have a way to get ahold of you on the river.

Thank you
